

THE GREEN TEAHOUSE

...was inspired by two brothers and a sister's passion for unique and premium teas. Since youth they were enamored with their time-honored Chinese tradition of drinking fresh loose tea. Such love fostered their passion and created a renewed respect and appreciation for their culture. Aspiring to share their heritage and rich knowledge of fine tea, while recognizing America's health awareness, they ventured to the Western world.

In 2009, The Green Teahouse was established. The brothers-sister team ushered in a new tradition while realizing a childhood dream.

Today the fruits of their labor can be enjoyed in America and throughout the world; proudly offering only the finest teas worthy of bearing The Green Teahouse name.

Taste the difference that extraordinary quality and guaranteed freshness can make in your cup!

Share the dream! Share the passion!
