

The Company Profile

The Gonzalez Construction LLC, was established in 2002, and consists of a team of seasoned planners, designers and construction professionals focused on providing clients with a comprehensive array of construction and renovation services. Serving the state of Connecticut, from offices located in Meriden, CT. The Company specializes in residential and light commercial construction, residential renovation, rehabilitation and adaption projects. The company's completed residential projects include custom-designed residences (both site built and modular), residential renovations (both site built and modular) group home construction and renovations and residential rehabilitation projects. Light commercial work includes office renovations, retail space, educational facilities and commercial rehabilitation projects.

In addition to project planning and management, the Company self performs demolition, rough and finish carpentry, including finish trim, cabinetry installation, interior doors and trim, hardware, acoustical ceilings and both interior and exterior painting. It also self preforms all exterior finish work including Architectural and wood shingle roofing, wood, wood shingle, vinyl and Hardie board siding, wood, vinyl and metal window installation and exterior doors. The Company also dose structural and foundation repairs.

The Company's Modular Division provides modular planning, consulting, conceptual design, building and renovation services to clients throughout the Northeast. The Modular Division specializes in the conceptual design and erection of custom modular buildings and additions, including our Practical Assisted Living Structures (PALS™) units. Our experienced team of modular planners, designers and construction professionals are dedicated to assisting clients in obtaining the highest quality modular homes, buildings and renovation at a cost effective price and on schedule.

The Company is fully insured and has completed construction and renovation projects throughout the State of Connecticut.
