We specialize in providing construction phase administration and management services to clients in the municipal, industrial, and higher education market.

We also assist clients with pre-construction estimates, value engineering and bid phase services prior to award.

J. R. Russo, LLC is a single-disabled-owned firm which has successfully contracted services for Connecticut Municipalities since 1998, focusing on the PK-12 Grade School Market.

Owner and President James R. Russo established J. R. Russo, LLC to provide professional pre construction and construction phase services while having no vested financial interest in the Construction Process. His professional experience, objectivity and proactive strategies related to these services are extensive and proven. A unique aspect of J.R. Russo, LLC is the Owner's ability to provide direct attention and responsibility to all aspects of professional services.

The value of Pre Construction Estimating/Value Engineering services by J. R. Russo, LLC totals \$806,047,000 and the value of Construction Phase Professional Services provided exceeds \$245,000,000. The cumulative value of One Billion Dollars of J. R. Russo's Construction Management experiences infuses each professional undertaking with capability, credentials, and a history of successful projects.
