

Experienced Professionals that Help Companies Build Value by In

Patricia Harmon & Associates is a global provider of leadership development consulting focused on helping organizations and individuals:

- Develop an Innovation Mindset
- Utilize Creative Thinking Tools to Generate New Ideas
- Raise awareness of One's Social Radar and Interpersonal Effectiveness
- Enhance Emotional Intelligence

Since 1993, Patricia Harmon, Ph.D. and the firm's faculty advisors, have helped thousands of corporations.

Benefits to Organizations:

Achieve bottom-line results and generate new Ideas by helping employees develop and apply new tools. When these new tools are applied to a business challenge, the Harmon creative thinking companies revolutionize products and services to achieve market differentiation and leadership.

Benefits to Individuals:

Achieve their personal results through an innovation and creativity assessment with feedback. Tools include, but are not limited to, the Emotional Quotient Inventory, Innovation Leadership Inventory, Leadership, MBTI, DiSC and team profiles. All individual programs are customized for a one day time period.
