

ServiceNow Implementation Expertise:

Quality implementations at 60-70% of average implementation costs- call us for our rate sheet

- IT Service Management
- IT Business Management (ITBM)
- Project Portfolio Suite (PPS)
- Software Asset Management (SAM)
- Application Portfolio Management (APM)
- HR including Onboarding
- Facilities Management

Advantages of implementing our pre-configured PPS:

- Rapid implementation (avg. deploy time: 2 months)
- Designed by subject matter experts (SMEs) in PPM/PPS
- Has major features required of a complete PPS solution
- Major cost savings (upto 50%) compared to implementing from scratch
- Add on configurations to meet client specific needs
- Guranteed to work on all future versions of ServiceNow
