ABOUT US

Our story at Bare Life began in a doctor's office. After experiencing severe fatigue, our founder Ali needed answers. Years of searching later, she discovered that eating allergen-friendly foods helped her heal. Unfortunately, the few foods she found didn't taste good and most importantly didn't fit her dietary needs. So, Ali decided to create foods that changed that, and Bare Life was born.

CORE COMPETENCIES

Plant-based, Organic & Gluten Free Hot Chocolate

Plant-based, Organic & Gluten Free Frozen Hot Chocolate

Allergen Friendly Foods and Recipes
